

Hello Credit Union partners,

This message is intended for Blue Sage users. If you are using Blue Sage to price loans, please make sure to select a Loan Product for every file. This requirement is necessary due to Blue Sage's interaction with Docutech. The loan application, 1003 Uniform Residential Loan Application, and 1008 Underwriting and Transmittal Summary, cannot be produced if a Loan Product is not selected; this causes incomplete loan document files needed for regulatory examinations and internal quality control audits. Failure to select a Loan Product also results in several HMDA reportable data fields being left blank on the HMDA submission data reports.

Please reach out to the MFM Compliance department if you have any questions or require additional information.

Thank you!
